

DESIGN INSTRUCTIONS FOR YOUR DIGITAL E-VITE + POSTER

E-VITE

If you do not have design software to create your own invite, we suggest the easy method below:

1. Download the digital e-vite from the Screening page
2. Save it on your desktop
3. Go to your web browser and open up www.pdfbuddy.com
4. Upload or drag and drop your PDF into the window that says “drag your PDF here”
5. When it is finished rendering, find the ‘text’ tool in the left-hand tool box
6. Bring it to the white boxes and enter your time, date and location of screening
7. We like size 14 and arial font! Make sure it looks aligned
8. Save your PDF and download to your desktop for easy email sending

POSTER

1. Download poster and print
2. Only use PNGs if you wish to manipulate with your own branding
